3. INFORMATION/DISCUSSION

Title: SSCCC Region IV Presentation

This item is to discuss the importance & relevance of SSCCC Region IV & statewide involvement.

Presenters: Naeema Kaleem & Dahlia Salem

Time: 30 Minutes

Naeema and Dahlia presented

Hi-Tech Region IV

Student Senate for California Community Colleges

Brief Overview of the California Community Colleges

Today, California represents the largest system of higher education in the world, having:

- 113 Community Colleges
- 72 districts
- 2.3 million students

The Chancellor's Office and Board of Governors were created by legislation passed in 1967 (prior to that, the community colleges were under the jurisdiction of the State Board of Education)

Chancellor's Office Advisory Committees

Student Representatives are needed to participate on statewide advisory committees and task forces. There is a wide spectrum of specialized programs that benefit from having the perspective of students who are consumers of these services.

Areas which students can have significant influence (9+1):

- Grading policies
- Codes of student conduct
- Academic disciplinary policies
- Curriculum development
- Courses or programs which should be initiated or discontinued
- Processes for institutional planning & budget development
- Standards & policies regarding student preparation & success
- Student services planning & development
- Student fees within the authority of the district to adopt
- Anything else that your district or college thinks will have a significant impact on students

Board of Governors: More than a fee waiver

Sets policies and provides guidance to the districts and colleges in the system

Two student members, one voting and one non-voting, are appointed by the Governor to serve on the Board.

The Chancellor's Office also provides funding for two Student Senate representatives to attend Board meetings to be informed on important policy matters and to testify on behalf of students.

CCCCO funds monthly SSCCC Council meetings

Applications are currently being accepted

Assembly Bill 1725 (Vasconcellos)

In 1988, Assembly Bill 1725 created a new governance structure for community colleges

Required local governing boards to:

- Ensure faculty, staff and students have the right to participate effectively in district and college governance

- Provide them the opportunity to express opinions at the campus level

- Ensure these opinions are given every reasonable consideration

- Ensure the right of academic senates to assume primary responsibility for making recommendations in the areas of curriculum and academic standards

How to Comply with AB 1725?

In September 1990, the Board of Governors adopted an initiative in response to AB 1725 entitled, Encouraging Greater Student Participation in Governance

Laid out a framework for local districts and the system to include student participation in every possible venue

Recognized the Council of Student Body Governments (CSBG) (Grandfathers of the SSSCC) as the official organization representing students in the statewide Consultation process

CSBG & CalSacc

CSBG

- Overwhelmed responsibility

- Conflict of interest

CalSacc

- Membership dues based

- Improper use of funding & fees

Creation of the Student Senate for California Community Colleges

Call to Action - A new structure for the Student Senate that was inclusive and provided an effective way to engage in state level shared governance was needed

May 7, 2006 - Student Senate's Birthday

Student Senate for California Community Colleges Constitution was ratified

What is the SSCCC?

The Student Senate for California Community Colleges is the officially recognized statewide student association that represents the 113 local student governments to the Board of Governors and the Chancellor's Office.

Through the SSCCC, community colleges of California may have a formal and effective means for participation in formation and implementation of state policies that have or may have a significant impact on students.
