

Personal Statements for Chairperson and Chair of Club Affairs Candidates

Chairperson Candidates

1. Khanh

I believe the ICC is one of the most important organizations on campus. I love that it represents the whole student body and that it works with more than 50 clubs on campus. During my high school years and my first year at another college, I tried my best to join as many organizations as possible, since I love to be involved, make impacts, and meet new people. Because De Anza has so many cool and interesting clubs, I could not join all of them and give all my effort. That is why I believe it would be a great opportunity for me to be a part of the ICC. I agree that there is a first time for everything, and you don't need the experience to be in a leadership position. However, for such an important position as the Chairperson, the applicants need to have at least some leadership experience in high school. It is true that I'm new to De Anza, and have no leadership experience here. Nevertheless, I was club president, vice president, and secretary, (including my position as club advisor for my high school's student council) for multiple clubs in high school and UC Davis.

2. Zahra

Personally talking about this Topic. Since I'm new In United State, and I really like to join clubs even engage my self with people in the community, and learn more about the our environment, and learn about leadership skill. I really appreciate that if I could be a part of the ICC. My goals is to transfer to university as computer science-Transfer, so I can educate myself more in upper education. and share my experience with those who are looking for source of information to travel and study abroad, and moreover to share what I'm going through and understanding college in foreign country. Nowadays it's hard to travel and study without having any knowledge knowing about the fees and financial aid. Even though we have lots of information by searching online but mostly for those people that they don't know how to start. base on my situation meeting other people and talking in event or in our community could even help my level of my English language to improve myself. Lastly I could say that we all need to make risky decisions in our lives and make our community stronger, and be cable to give speech to our people and help them in this way. all these could happen Just by supporting each other even if we are far away.

Chair of Club Affairs Candidates

3. Justin

I wish to be a part of the ICC because I would like to get to know my De Anza student community better and get to know people from all over the world, with different interests and hobbies in different clubs. I think it's interesting how ICC is the the club in charge that connects all the different clubs in De Anza together and would love to be part of the club that oversees and makes sure everything runs smoothly. I think I would be good in the position of chair of club affairs because I personally think that I am a very social person and can get to know new people more easily as I am quite easygoing. Being the chair of club affairs not only requires you to be involved with the club, but also with its club members. I feel that being able to connect easily with my fellow clubmates will make the job as chair of club affairs much easier and very suitable for me! Not only that, I believe my prior experiences in leadership positions as a member of my previous highschool's student council will definitely help as well!

4. James

Hi, my name is James. I was President of Chinese Club and Vice President of Math club in high school. I am a fresh man in De Anza. I really look forward to joining ICC to make more friends and improve myself. I always believe other people are my teachers too. I can learn a lot from other people. I am a very responsible and organized person. I can handle many things at the same time. Thank you

5. Cedric

The pandemic has been a difficult time for everybody and this includes clubs and organizations. As the vice president of my high school's Filipino Student Association last year, I understand that running a club virtually comes with difficulties and some clubs either become inactive while others shift to the new setting. Our situation is constantly changing, and as Chair of Club Affairs I would strive to aid and guide these clubs in navigating these unprecedented times. I'm eager to be a part of the ICC because I know that clubs are a vital part of life at De Anza and as more clubs start to adapt to a hybrid setting, supporting them will be my main focus.

6. Kevin

I have always wished to participate in the ICC but never had the opportunity to do so. This year the opportunity has finally arrived. I'm not going to let it slip. Even though I have no prior experience being an ICC officer, it doesn't prevent me from taking on this challenge and serving the students to my fullest capacity. I plan to give it my all to make sure the ICC operates flawlessly. And I promise fellow officers that I will communicate with you to make reasonable decisions. I hope I can be furnished with a chance to demonstrate my determination and passion for this position. It will be my sincere honor to serve this position. Thank you
