

chagford

We visited the town of Chagford. Affogato for dessert! Marian had hers with espresso, Cindy's was with Pedro Ximenez! Castle Drogo was the last castle built in England in the 1900s.

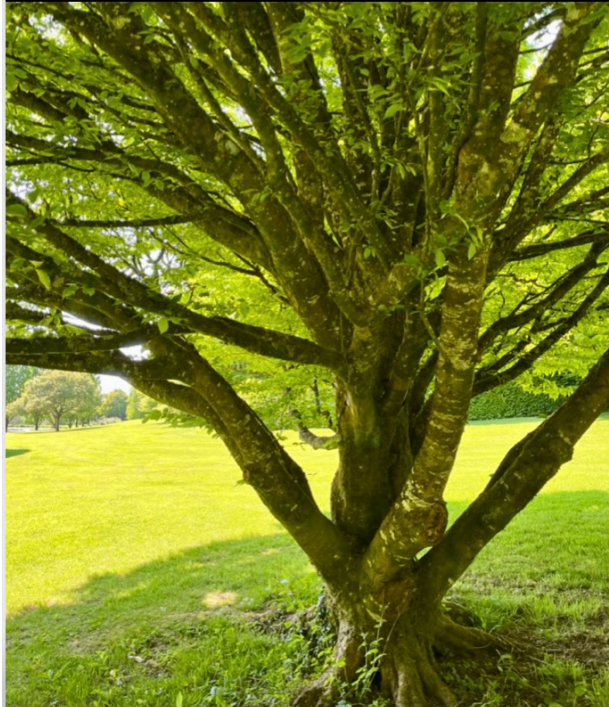

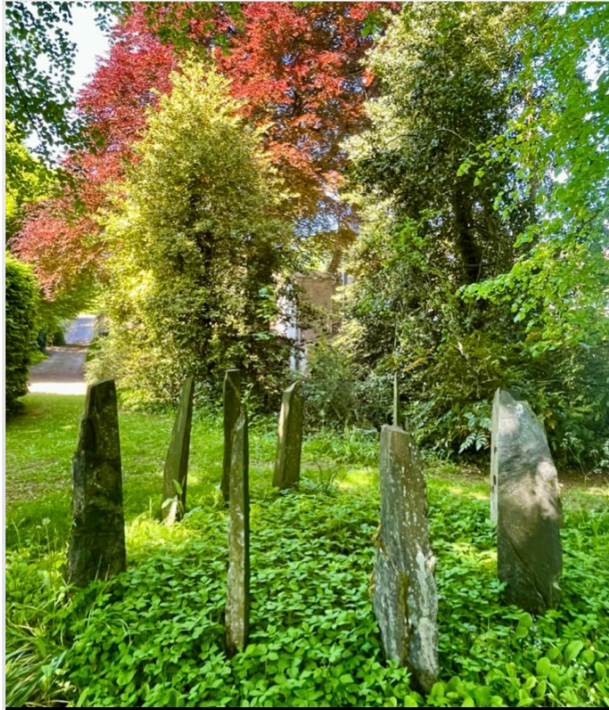

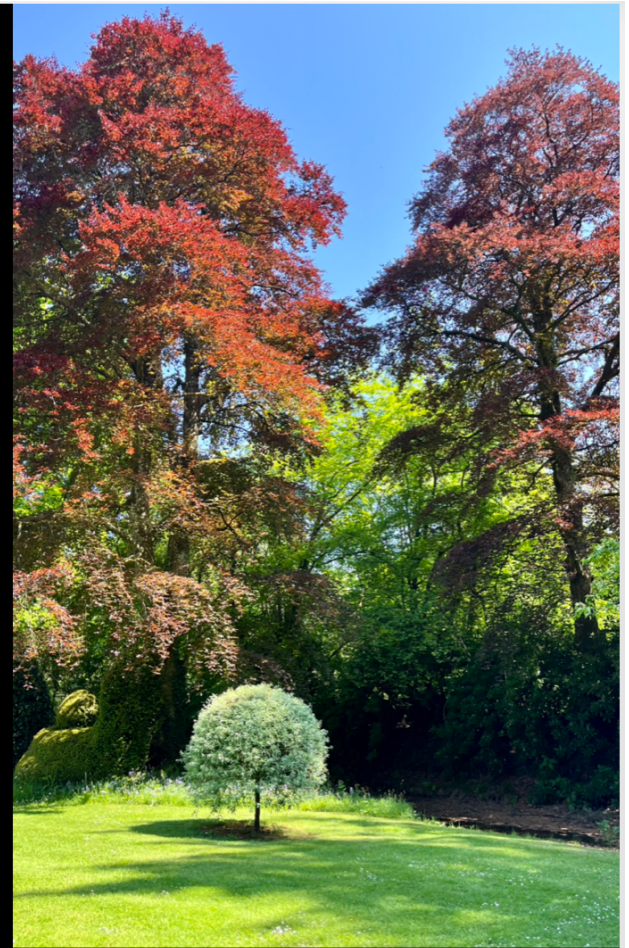

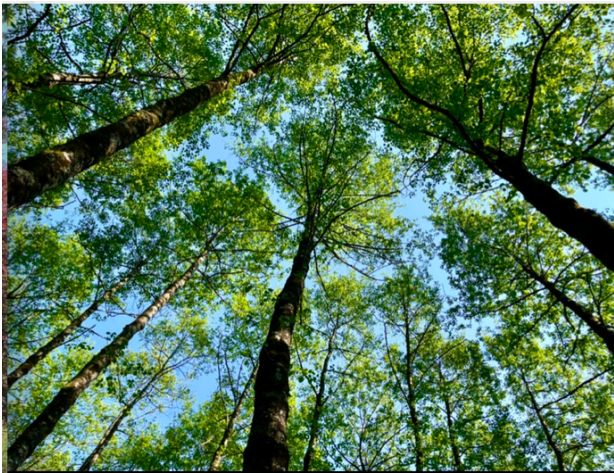

Castle Drogo

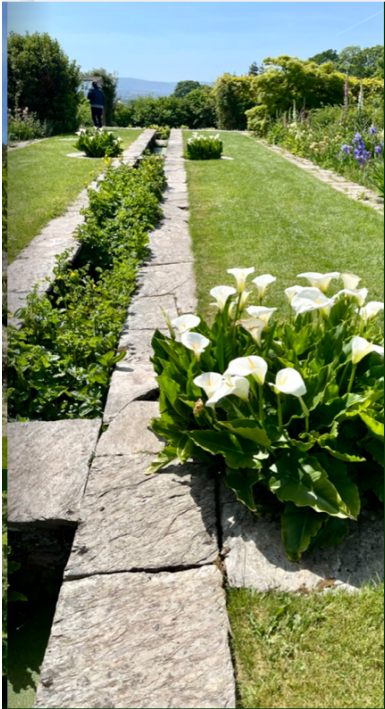

First Class Fun

The train back to London was first class as was our Sisley Garden tour. Lobster Mac and Cheese was a winning last dinner at the Bovey Castle Hotel in Dartmoor National Park where we stayed.

We had a little excitement 2 - 3 am at our airport hotel evacuating TWICE in our pajamas for an emergency that never materialized.

Hedgerows

Famous hedgerows in Cornwall and Devon are distinctive as boundary lines, landscape elements, and provide a rich history of the area all while supporting wildlife and frustrating car traffic!
