

Gardens of Cornwall, Devon & the Isles of Scilly, England

May 2025

Marian Fricano & Cindy Castillo

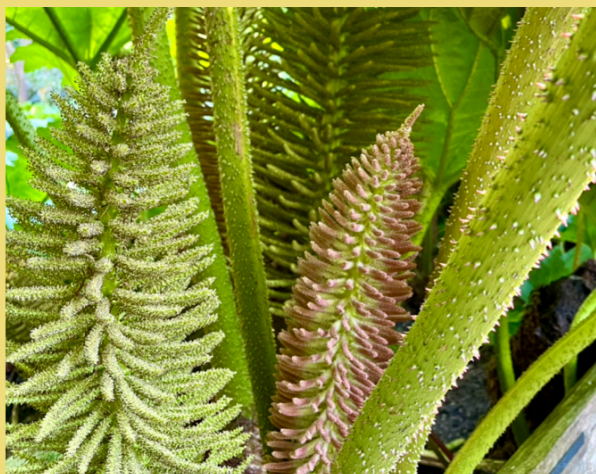

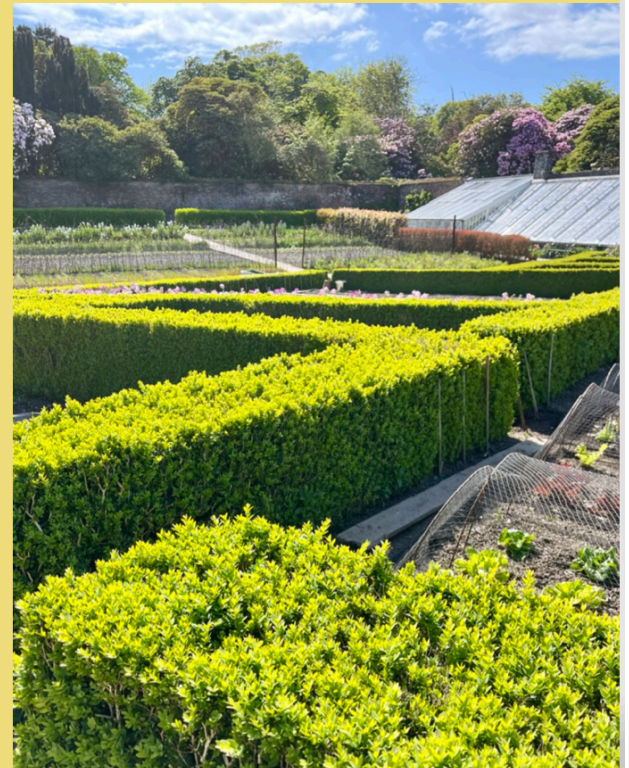

Cornwall, Devon & Isles of Scilly

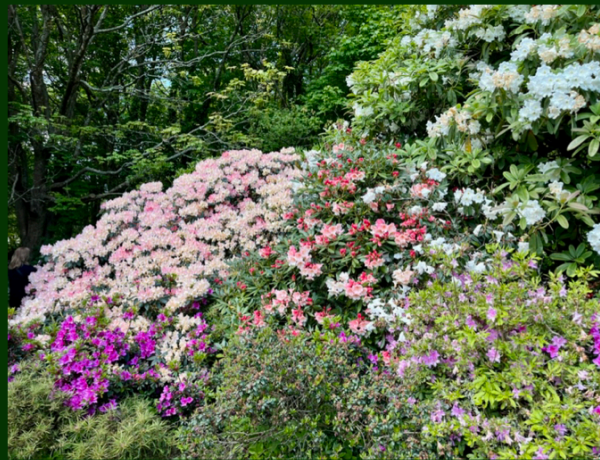

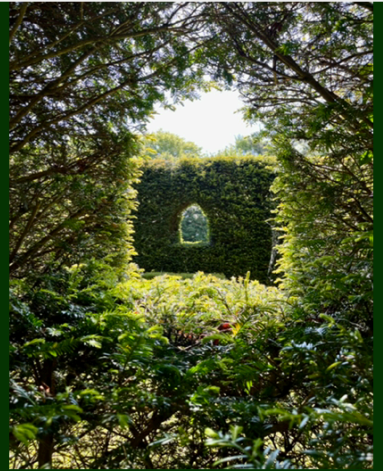

On a peninsula in the southwest corner of England, this area is charming and home to private and world-famous gardens. Also home to Plymouth (the origin point of the Mayflower), Penzance, and Land's End. The climate is mild influenced by the Gulf Stream making it warmer and sunnier than much of the UK. Cornish history, culture, and language survive here.

We met our Sisley Tour at Paddington Station in London having the best fish and chips at the Paddington Pub. The train west was comfortable and clean, especially traveling first class!

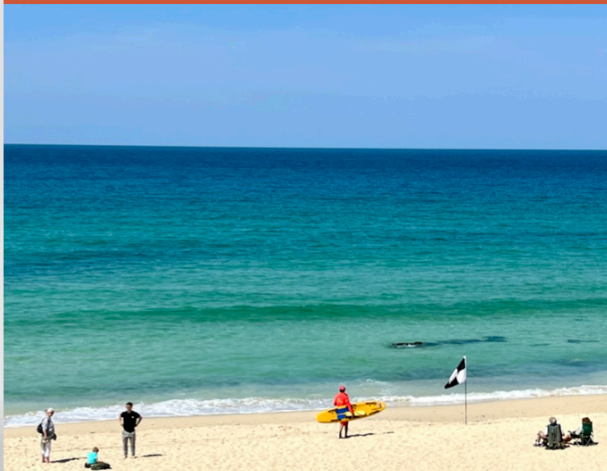

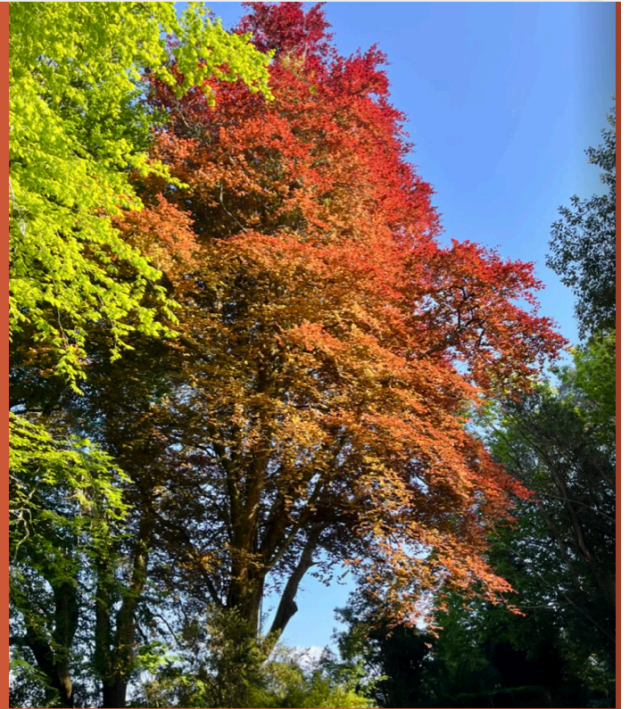

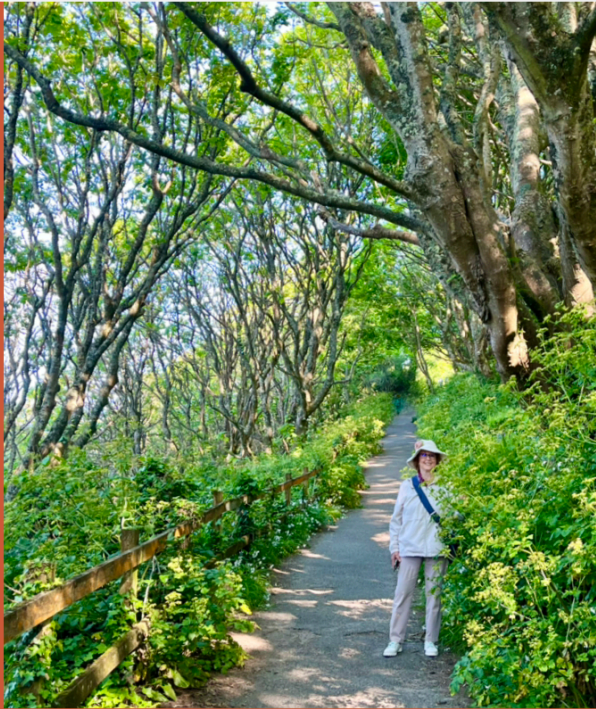

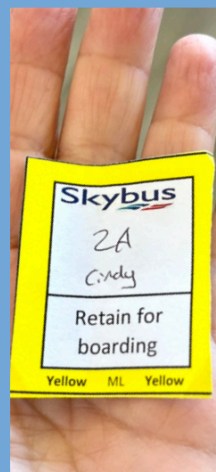

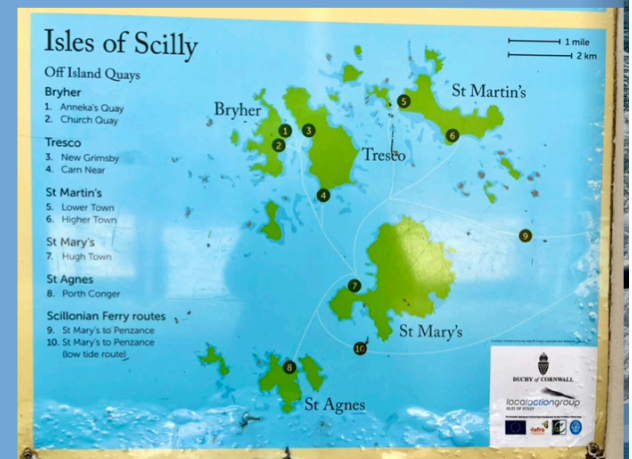

St. Ives

From Land's End Airport we boarded the 14-seat Skybus flying to the Isles of Scilly, landing on St. Mary's. From there we boarded a boat shuttle to Treseco Island.

Isles of Scilly
